EXPERIENCE

KGiSL, Coimbatore — Associate

Oct 2024 - Present

- Developed an **Odoo 17 module template** that integrates essential features, including **standard reports(Excel and PDF)**, **email notifications**, **push notifications**, **dashboard views**, **global search**, and **standard UI**, enabling rapid development of feature-rich modules with minimal effort.
- Implemented **automation** for function creation in the database during module upgrades, alongside **scripts** for database backups and auto-start/restart of services to streamline system operations.
- Key contributor to the development of logistics management Key contributor to the development of **Logistics Management Software (LMS)** in Odoo 17, focusing on **CRM**, **Sales**, **Purchase**, and **Inventory** modules to streamline logistics and enhance customer satisfaction.
- **Leading development of the CampusERP project**, driving enhancements, optimizations, and Odoo integration.

KGiSL, Coimbatore — Junior Associate

Aug 2022 - Sep 2024

- Played a key role in the development of **CampusERP**, focusing on feature design, Odoo customization and optimizations.
- Designed and implemented **Helpdesk** and **Meeting Room Booking** modules in Odoo from scratch, single-handedly.
- Created **APIs for mobile apps** to streamline approvals and boost productivity.
- **Integrated SMS and WhatsApp** communication to enhance user engagement and streamline notifications.
- Managed development and enhancements for **NMH**, **Trust Sale**, and **ATS** projects, improving functionalities and aligning with business goals.
- Contributed to migrating the **Bahmni open-source** system from **OpenERP 7** to **Odoo 16**.
- Oversaw deployments and updates as a **Release Engineer**.
- **Led teams** to deliver successful projects aligned with business goals.
- Involved in **requirements analysis**, **prototype design**, **development**, **unit and integration testing**, **deployment** and **maintenance**, managing the full SDLC from initiation to production.

SKILLS

Python

Odoo

DB(PostgreSQL, MySQL)

RESTful API

Docker

OWL, XML, JavaScript

Reports(QWeb, Jasper, Excel)

XML-RPC

Git version control

OS(Linux, Windows)

Release Engineer

Cloud Platforms (AWS)

Shell Scripting

Django

Redis

Figma(Prototyping,
Wireframing)

Technical/Customer Support

Troubleshooting and
debugging

Agile Methodologies

Team Leadership

EDUCATION

Don Bosco College,
Yelagiri Hills — BCA

June 2017 - April 2020

Govt.Hr.Sec.School,
Vakkanampatti — HSC

June 2015 - March 2017
